October 2nd, 2013

To Whom It May Concern:

Mr. Benjamin Williams was employed at Kasintorn St. Peter School from December 13th 2011 to September 30th 2013.

During the time he taught English to numerous grades including grades 5 to 11, computer science to grades 1 and 2 in the English/bi-lingual program and also to Mathayom year 1 to 6 and Prathom year 5 in the standard Thai program. He was also the Homeroom Teacher for grades 5 and 7 respectively.

Mr. Williams proved to be an adaptable member of staff. He combined humor and imagination with thorough planning and dedicated preparation, to ensure that each and every lesson that he taught was of maximum benefit to his students. Mr. Williams undertook all aspects of student assessment and was responsible for monthly child-centred reports. Additionally he developed a number of mini English courses for the students to study during the summer program and created related materials to accompany the course.

As a teacher Mr. Williams excelled in all areas. He is very knowledgeable, thorough, patient and creative in his approach. During the times when he was required to attend school on Saturdays and Sundays or put in additional hours, he was always more than happy to do so.

It gives me great pleasure to write this letter of recommendation in support of Mr. Williams. I am more than sure that he will be an excellent employee at any school or language learning environment or otherwise and will excel in his duties. As I have said already, he is an outstanding teacher with a commendable professional attitude. I wish him good luck and success in his future career.

Mr. Mark Griffiths

Head of Foreign Teachers
